TASTING NOTE

Ripe blackberry flavors and accents of spicy-cedar oak on the nose lead to a smooth palate with hints of licorice, finishing with a delicate balance of tannins complimenting the sweet finish.

ABOUT THE VINEYARDS

Located along the broadest stretch of the Columbia River, our vineyards enjoy a wonderful climate, with warm days and cool nights yielding high quality grapes. The slope of shallow, low nutrients sandy loam soils over volcanic rock yields grape clusters and berries that are small and very concentrated in flavor and color. The result is our most concentrated and complex Cabernet Sauvignon, amplifying the unique personality of Canoe Ridge Vineyard. This Cabernet Sauvignon is comprised primarily of grapes grown in Block 1, one of the three oldest Cabernet Sauvignon blocks.

ABOUT THE VINTAGE

The warmest vintage in a decade, 2013's growing season cooled off just in time for harvest, and picking proceeded at a normal pace starting at the end of August. Total tonnage, approximately 220,000 tons, was up easily five percent over 2012, a record for Washington State. With a warm 2013 vintage, growers spread out canopies a bit more than usual and adjusted crop sizes to achieve a good balance of acidity and phenolic ripeness. Mother Nature made picking advantageous; varieties reached ripeness at different times, allowing crews a well-phased, thoughtfully-planned harvest.
